

## Réponse énigme 1a

$$2 \times 3 + (10 + 6) \times 7 = 118$$

$$\text{Cochon} + \text{chapeau} = 7$$

$$\text{Bus} + \text{cochon sans chapeau} = 6$$

$$\text{Chapeau} = 2$$

$$\text{Cochon sans chapeau} + 2 \text{ chapeaux} \times \text{bus vide}$$

$$5 + 4 \times 1 = 9$$
