

## Réponse énigme 2a

$$\text{👟} + \text{👟} + \text{👟} = 30$$

$$\text{👤} + \text{👤} + \text{👟} = 20$$

$$\text{🍦} + \text{🍦} + \text{👤} = 13$$

$$\text{👟} + \text{👤} \times \text{🍦} = ?$$

2 chaussures = 10 (une = 5)

1 bonhomme = 5

2 cornets = 4 (un = 2)

1 chaussure +(1 bonhomme+2 cornets + 2 chaussures) x 1 cornet

$$5 + (5 + 4 + 10) \times 2 = 43$$
